# OLUWAGBOGO FOLORUNSHO OWOLABI

Address: Enfield, London | Email: owolabigbogo@gmail.com | Phone Number:  
+447586309844

---

**Profile Summary:** Creative and analytical UI/UX designer with practical experience in crafting user interfaces, wireframes, and interactive prototypes. Experienced in translating ideas into functional designs that enhance user satisfaction and digital engagement. Comfortable working both independently and collaboratively, with strong attention to detail and a foundation in product design principles. Continuously learning and eager to contribute to projects that combine technology, usability, and design innovation.

---

## Employment History

**Volunteer UX Designer | UXGuild Hackspace | London, UK**

Dec 2023-Jun 2024

- Created wireframes and low-to-high fidelity prototypes using **Figma**, following a user-centered design process.
- Participated in weekly design critique sessions with mentors and peers, incorporating feedback to refine visual design and usability.
- Assisted in developing a design system for the client project to ensure consistency across screens and future scalability.
- Conducted user research through surveys and interviews, gathering insights from 20+ participants to identify pain points in the app's navigation.

**Zuri Team | Product designer | Lagos, Nigeria**

May 2022-Jul 2023

- Creating wireframes and interactive prototype using Figma visualize and iterate on design concepts.
- Designing and specifying interactive elements such as buttons, menus, and animations to enhance user engagement and usability.
- Organizing and structuring content to ensure logical navigation and intuitive user flows within an application or website.
- Practiced applying brand guidelines to visual design tasks.

**Air Traffic Control | Nigeria Airspace Management Agency | Lagos**

Jun 2020 – Apr 2022

- Managed data entry, extrapolation, and archiving
- Facilitated data dissemination and file tracking
- Compiled and analysed flight statistics using Excel.
- Conducted data formatting, proofreading, and analysis

## PROJECTS | Web App Design

Working as a UI/UX Designer, I collaborated with a team to design a web application. I gained hands-on experience in various aspects of the design process, including user research, wireframing, prototyping, and usability testing. Working closely with designers and developers, I contributed to creating intuitive and visually appealing interfaces that enhance user experience.

---

## Skills
